ST. ANTHONY'S HOSPICE

St. Anthony's Hospice is proud to serve terminally ill residents of Henderson, Union and Webster Counties. We care for our patients in their home, the nursing home or at our inpatient unit, the Lucy Smith King Care Center.

**LUCY SMITH KING
CARE CENTER**

Opened in 2009, the KSKCC was the third inpatient center in Kentucky. This home-like facility provides 24-hour care in a home-like atmosphere by an RN and aide staff for management of specific symptoms related to the hospice diagnosis and for short stay respite. In 2016, we served over 270 patients at the care center, totaling over 2,000 days of care.

STATE OF THE ART BEDS

Everyone feels comfort in their own bed, however, if a patient is unable to be at home in their own bed we want them to be as comfortable as possible in ours. St. Anthony's Hospice is raising money to purchase new beds for our care center to provide the best care possible to our patients. The new beds are specially designed to meet the medical needs of patients who are too weak to move, or who have developed sensitive skin conditions. For some of our patients, these beds will be the last beds they ever have, so comfort and quality are high priorities.
