

Little Patriot

 Independence Bank

Below is a recipe for one of Indy's favorite snacks! Make it for the birds that live near you! Here are the instructions and a list of what you'll need:

- With your parents help, gather all of the items needed
- Spread the peanut butter all over the plate
- Take your toilet paper roll and roll in back and forth on the plate until the peanut butter is covering every inch of it
- Sprinkle the birdseed all over the peanut butter covered roll
- Use the string to tie it up on a branch outside for your feathered friends to enjoy!

Keep a watch on your bird feeder to see how many different types of birds you see!
